

Summer Camp Descriptions 2024

May 29-31, 2024, Session 1 – Mini Camp: Welcome to Summer! For this three-day mini session campers will be engaged in a variety of creative activities, water play, outdoor play and fun with friends.

June 3-7, 2024, Session 2A: Forest Adventures: Forest Adventures campers will be outdoors most of the day. Each day will include a field trip to a natural, outdoor location and include hiking, climbing, active play, picnicking. This camp will be limited to 12 children. **Campers will bring their own lunch each day.**

June 3-7, 2023, Session 2B – Music: Rhythm & Sound: Everyone loves music! In this jam session, campers will explore rhythms of many countries and cultures. Guest musicians will visit to create interactive experiences that will take kids' understanding to a new level and send them home singing!

June 10-14, 2024, Session 3A – Soccer: Campers will learn the fundamentals of soccer with an experienced soccer coach, practice skills and have the opportunity for scrimmage games at an off-site field. Emphasis will be on developing teamwork and good sportsmanship.

June 10-14, 2024, Session 3B – Basketball: Campers will learn the fundamentals of basketball with an experienced basketball coach, practice skills and have the opportunity for scrimmage games at an off-site court. Emphasis will be on developing teamwork and good sportsmanship.

June 17-21, 2024, (closed June 19th), Session 4 – Superhero School: Everyone gets to be a hero at Superhero School! We combine the ideas of justice, courage and extraordinary ability with our imaginations to explore scenarios around improving our lives and the world. The result: through play, everyone becomes a little more super!

June 24-28, 2024, Session 5 – The Atelier – Clay, Ceramics & Sculpture: The atelier (studio) is the heart of creativity. This session will focus on three dimensional art and sculpture. We will explore ceramics and glazes. We will use a variety of tools to carve clay, as well as use various printing techniques in clay. We will explore different mediums for sculpting, including paper pulp and paper mache.

July 1-5, 2024 (closed July 4th), Session 6 – Cooking & Science: Put on your aprons! Learning where food comes from, how it grows and/or how it is prepared is the pathway to good nutrition. In this delicious session, we will cook, bake, make bread, and do a little gardening as we explore the science involved in the magic of cooking while learning about food among a variety of cultures.

July 8-12, 2024, Session 7 – Legos & Engineering: Campers will explore architecture, building and problem solving through everyone's favorite: Legos. We will investigate structural and mechanical engineering concepts through the building process. There will also be opportunities to explore a variety of building materials to take the small prototypes to a larger scale.

July 15-19, 2024, Session 8 – The Atelier – Paint & Palette: The atelier (studio) is the heart of creativity. This session will be a deep dive into the creative processes of art and ingenuity. Campers will have opportunities to explore a variety of materials, including multiple types of paint and many different mediums of creation to ignite their imagination and inventiveness.
